# The REPORT

Last race meeting was full of unexpected trouble for some on the track. Plenty of accidents & multiple vehicles involved. Some were able to continue with damage but others weren't so lucky, with a few ending up on their roof. Which would not be a good feeling! Then again it had a heap to do with the track condition. I don't think I have seen it quite that bad. By the time the 1st heats had finished, it was crying out to be worked on, but by the end of the 2nd heats, it was deteriorating fast. So, what to do when you haven't got the equipment there to fix it, HEAPS & HEAPS & HEAPS & HEAPS of water, so as the track is virtually undrivable from center track up & any overtaking manoeuvres were at your own risk. Some chose this way & pulled it off, others were casualties for the day. It's one thing to have a slick track with plenty of 'ROOST', but it's another to overdo it by maximum application of H2O. ( That's WATER, for those who don't know). Whatever happened to our track from the Sunday of the last two day meeting? PLEASE COME BACK, & fast!!!!!!!!!!!!!! I can still hear you all say RIP IT! Well, that's not up to me, but miracles can happen. We had the Juniors go out & have a good tussle, until the race was stopped by a pile up with heaps of cars put out. Then a driver stopped on the track just in front of Graeme during the race & BANG! up the rear, down the side, everywhere. More cars out. Then the long awaited for, the 'BATTLE of the SEXES'. Unfortunately this was run straight after Interval when the track was at it's very worst. Otherwise, had it have been on a dryer track it would have made for excellent racing between the Ladies & the Men. Even on the first turn, the pole car lost it & took four other cars along for the ride & finishing Andrew Farquars chances for the day. Then there was poor Gary Ward ending up on his roof on Suicide. He was a bit light headed for the rest of the day! The race ended up with four cars way out in front. Greg McNeight #88 was in front the whole way, with #7 Darryl Wilson, #76 Adam Cornea & #99 Lindsee Greenland vying for the 2,3,4 spots. Hot racing was had & then with # 76 running high, allowed #99 to get through to 3rd spot with some cunning driving skills, because she wanted a place right nor wrong. And that's the way it finished. But not forgetting to mention that these three drivers were then brought together at the end of their race with a congratulatory hand shake. Now that's good sportsmanship, don't you think? At least a Lady driver finished in the TOP three as the title of the race suggested. CONGRATULATIONS Greg, Darryl & Lindsee!  
Today is the Supers & Hot Rod Championships. Good luck to you all.  
That's all for now. Until next fortnight.

BYE, BYE!!!!!!!!!!!!

DON'T FORGET THE SUNSCREEN & SLIP ON A HAT!!!

**Have A Great Day  
At The Basin!**

# What's the guts! With Fenda Benda.

Welcome to the new column of Fenda Benda's. The fortnightly goss from what went on and around the track last race meeting And have I got some 'Guts' for you.

**SACRILEGE!!!!** Race day when Formula 1. is on in Melbourne. I hope you G. Coded. I did. I DID SEE THAT: Good sportmanship after the " BATTLE of the SEXES".

**AMBULANCE SUBSCRIPTION** is **COMPULSARY** at Daylesford Speedway, unless of course you are on a Govenment benifit!!!!!!!!!!!!

**I'D LIKE TO SEE THAT:** A grouse track!!!!

Not a lot of happy faces in the Juniors race, especially when the restart saw a number of top drivers suddenly realising that the green flag was dropped when they were half a lap down.

**WHAT'S THIS:** Two race meetings ago we saw a bloke go out in the Ladies race. Last meeting we hear a Lady driver trying to race in the Mechanics. Lucky she was pulled up on the grid by a couple of Speedway Savi's. I hear she is from the same camp as the bloke who raced in the Ladies!!!! HEY! Your'e not trying to test us, are you? **SPRUNG!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!**

**TOP BLOKE AWARD:** To the driver who protested against another, but refused to have the other bloke suspended because it would have jeopardized his participation of his Championship race. Now, that's a wake up call to all drivers who like to play dirty, 'cause the next person you deliberately contact with may not be so nice.

**WHO WAS THAT:** Daring to race without a licence, getting caught & having a family member sign the form for the fine????????????????????????????????

One of our B- BASH boys & his family had a very scary accident on their way home from last weeks race meeting. While heading along the Western Highway, on the last Pentland Hill bend, in Bacchus Marsh, the hitch to the car trailer broke & sent the trailer jackknifing into the passenger side of the car & settling the lot, facing the other way. One girl was hurt, although did not require attention until the next day. Sean Millican would like to thank ALL the stockcar drivers who did NOT stop & see if he needed help or just to see if they were all O.K. Well Sean, you know what to do when it happens to them now, don't you!

# What's the guts with Fenda Benda. cont.

**A BIT SUS:** Who was it that was waiting for his wife to get to the track, so as she could give him one of her bra's? I hear he only wanted to hang it in his car for 'Battle of the sexes', but I'm not too sure about that. No, it had nothing to do with the other bloke here that likes to wear womens underwear while he works!!!!!!!!!!!!

**IVOR** where are you, we are still waiting.

There WAS a Working Bee here yesterday. Sorry to all those people who would have liked to have known about it, but I didn't find out about it until a few days after the race meeting. Next date for a Working Bee is to be announced.

So, **DUTCHY** won again. Lucky for him that his mate rang him on the Friday night immediately prior to the last race meeting. AND lucky he just had a spare DEMO car ready to roll. Good one Dutchy, see you next DEMO!!!!

**WHAT A SHAME:** That the proposed 18 car feild for the 'Battle of the sexes' was thwarted with car troubles even before the race got underway.

**THANKYOU:** To Bill McClanigan, our Security gaurd at the pit gate, for stopping a very drunk, aggresive & unpleasant foul mouth from infiltrating our relatively trouble free pits area, last meet. His membership money was refunded to him & told to get on his bike ( Not Literally) & don't bother coming back. Well, I hope that means FOREVER!!!!!! And thankyou to all those drivers & committee members who backed Bill up in what could have been a very nasty situation. We need MORE people like you.

**VIDEO'S:** Colin Radburn who is our video & In car video man would like to ask you all who have bought video's from him, to be patient with him, in case any video's have not been up to scratch. Colin is in the process of purchasing new equipment to combat any problems that may arise & assures me that it can only get better. Thankyou Colin, for your service.

**GOOD LUCK BUNSEN:** As you will have noticed, Bunsen has both arms out of plaster now. This is a good sign, except for the fact that he now has intensive physio ahead of him & in all possibility an operation is imminent in approximately three weeks time. Well, Dr Fenda Benda can tell you that it involves a bone graft taken from his hip & structured to fit in his left arm, which shattered in the accident. **POSSITIVE THINKING BUN!!!!!!!!!!!! NO, DON'T SHAKE HIS HAND.**

**TRACK INSURANCE:** It is a condition of our insurance policy, that the alcohol reading for any person driving or in an official position is 0.01% or you must sustain from alcohol for 12 hours before the race meeting begins. How's that going to work on a two day meeting????????????????????????????????

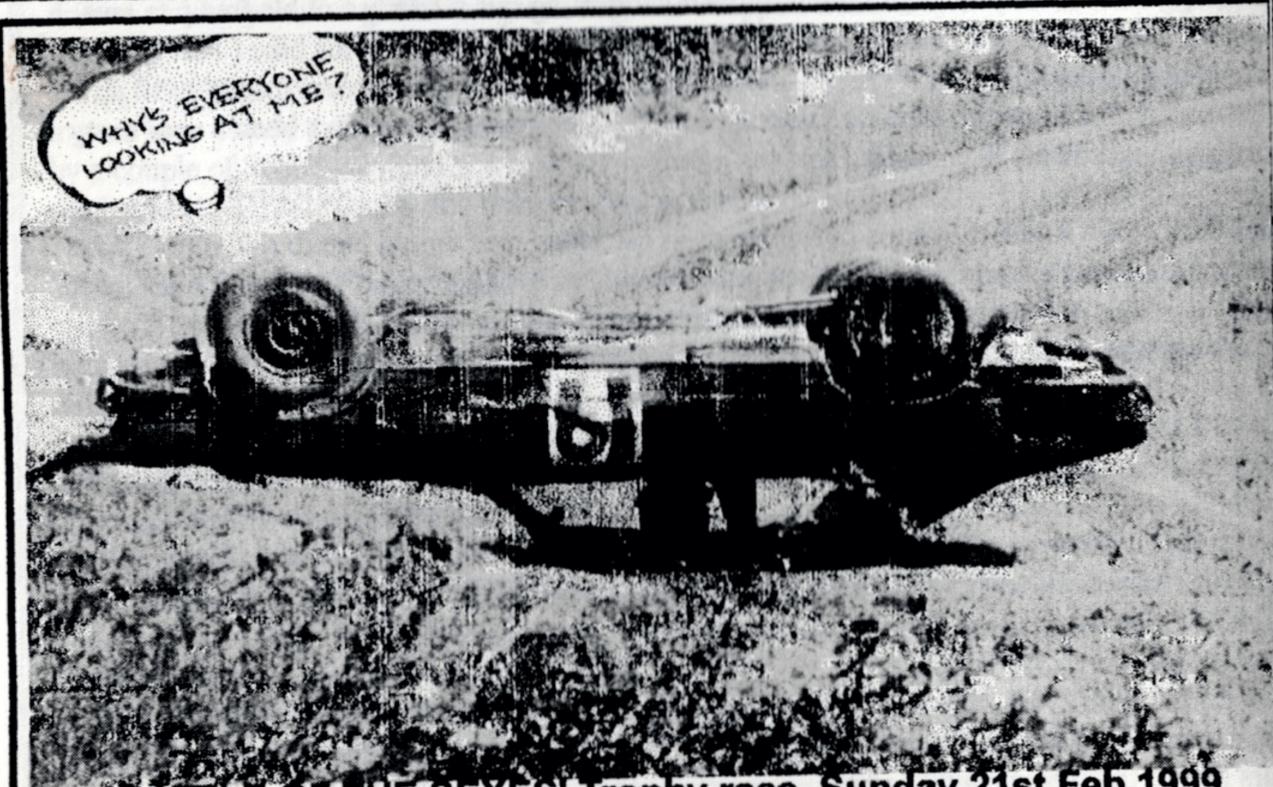

What's the guts with Fenda Benda  
still continued.....

APOLOGY: To anyone who has come here today expecting an advertised DEMO DERBY. The Trading Post decided to edit an advert sent to them. Thus screwing it up. When advised to fix it, they promptly said that it is too late to do so. Rest assure that future calendars in this paper will be correct & true! Sorry for any inconvenience to you & yours.

HERE ARE A FEW QUOTES FROM MURPHY'S LAW:

A short cut is the longest distance between two points.  
You will always find something in the last place you look.  
Leakproof seals..... WILL  
Self Starters..... WILL NOT  
Interchangable Parts..... WON'T  
If you're feeling good, don't worry, you'll get over it.  
There's never time to do it right, but there's always time to do it over.  
Anything good in life is either illegal, immoral or fattening.  
Celibacy is not hereditary.  
Never argue with a fool, people might not know the difference.  
Signing off from Fenda Benda.

'BATTLE OF THE SEXES' Trophy race. Sunday 21st Feb 1999.  
Gary Ward # 19 is wondering how it happened.

# NEXT DEMO

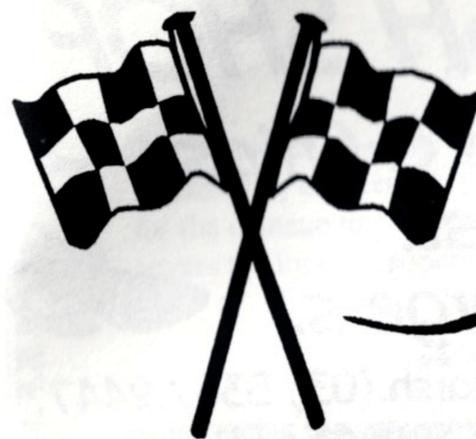

DEMOLITION DAY  
SUNDAY 4TH APRIL 1999

If you would like to be part of the DEMOLITION DERBY & be in the running for cash prizes for finishing in the last three, then all you have to do is get yourself a car & bar it out to the Demo Specifications & you're in business.

For any further information on registering a Demo car then ring HARRY CARMEN on 0417 113 705.

No, this is not the Demo! It's the first turn of the first lap of the 'Battle of the sexes' Sunday 21st February 1999.

## \*\* INDEMNIFICATION \*\*

The promoters shall not be held responsible to any person or persons, for the injuries sustained by any person, persons & or personal. Nor will they accept responsibility for the damage to any property whatsoever, regardless to whom it belongs. This also covers the loss of property.

## \*\* WARNING NOTICE \*\*

Motor racing is a dangerous sport & all persons attending this meeting do so at their own risk. It is a condition of entry that all persons having any connection with this organisation & or conduct of the meetings, including the owners or lessees' of the buildings etc., & the owners & drivers of the vehicles & passengers in the vehicles are absolved from any liability arising out of accidents causing damages or personal injury to the spectators. Spectators are warned to keep off, & well away from the safety fences.

## \*\* FOR YOUR SAFETY \*\*

The throwing or smashing of any bottles, cans or any other object whatsoever is an offence. Also the climbing on fences & buildings is an offence. The safety fences are there for your own protection & therefore it is forbidden to stand, sit or climb on them. Offenders will be removed & prosecuted.

## \*\* NOTICE \*\*

We at V.I.S.D.A. make every effort to adhere to the advertised program, but at certain times circumstances require alterations or deletions to be made. We also retain the right to re-assess or alter the race calendar where necessary & without notice. Should it be necessary to abandon the speedway meeting before heat 2 starts, special tickets will be issued at the main gate & used at the next speedway meeting. Once heat two is underway it is declared & no tickets will be given under any circumstances.

## \*\* DOGS \*\*

If you intend bringing your dogs or any other animals to speedway, it must have on a collar & lead at all times & also restrained.

PLEASE supply your animal with a drink container & water at all times.
